

I write to request that the FCC does nothing that would lessen the protection afforded me and my family by the Indiana's Telephone Privacy law.

Since signing on to this a year ago, we have seen a DRAMATIC decrease in unwanted telephone solicitations. We estimate we have gone from six per day to less than one per week. It has vastly improved the quality of life for our dinner times and evenings.

The system was simple to implement for me as a consumer and is very effective. Please do not do anything to weaken it.

Thank you.
